

ARE YOU WONDERING HOW I CAN HELP YOU GET WHAT YOU NEED?

Let's start by asking why you're looking for support and guidance:

1. You want to learn from someone with lots of experience and a proven track record:

- I have been working with children and families in the UK since 1992. I have two AMI Montessori Diplomas and over 15 years teaching and 25 years nannying experience.
- I studied at the world-renowned Maria Montessori Institute in London, UK, in 2004 (3-6 Primary AMI Teacher) and 2014 (0-3 Assistants to Infancy Teacher).
- I'm also a Coursework Reader for the AMI 0-3 Training each year at The Montessori Training Center of St. Louis, USA, and the Maria Montessori Institute in London, England.
- I've been featured twice in Spotlight by Baan Dek Montessori in South Dakota, USA, and am highly regarded within the worldwide AMI Montessori community.
- This online course has been created to celebrate 10 years of I Can Do It Montessori: my successful London-based business which has included baby and toddler groups, tutoring, parenting workshops, 121 home support and family mentoring.

2. You need to feel supported and guided within gentle boundaries:

- I love helping parents and carers to improve their relationships with children by sharing the knowledge I've gained over the years.
- I've spent many years working with children from 0-18 years old and helped hundreds of families understand their children better. I can show you how simple techniques will make big changes!
- Tried and tested Montessori principles provide a secure foundation for everything you will learn, with real-life examples and a variety of learning techniques included.

3. You want to make manageable changes at your own pace and have a happy, calm home:

- Montessori Positive Parenting is the first course available to work through at your own pace at home.
- It is suitable for parents, carers and everyone looking after young children.
- We go into detail about every aspect of home life that affects positive parenting so you'll feel confident to continue independently.

4. You're looking for accessible and comprehensive support:

- This course includes a massive amount of information divided into manageable modules.
- We'll cover a comprehensive number of topics without any pressure from deadlines.
- Each week you'll receive a reminder to explore the next module. Work at your own pace and know that everything is available should you want to move forward more quickly.

5. You want to understand what to do and why, so you can see changes immediately:

- Many courses only give you the basics but I make sure you have everything you'll need to achieve a calm and happy home.
- Children are complex, so by breaking their needs down into small steps, you'll succeed in creating gentle boundaries along with enriching life experiences.
- You'll start seeing changes straight away and the more you learn, the easier it will all become!
